Peruvian Guano Substitute!

BAUGH'S

RAW BONE

SUPER-PHOSPHATE OF LIME.

TRADE MARK

BAUGH & SONS,

Sole Proprietors and Manufacturers,

Delaware River Chemical Works,

PHILADELPHIA, U. S. A.

For WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every Crop and Plant.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and light manuring.

IT is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than *bought* Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

☞ Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.

Our NEW PAMPHLET, *"How to Maintain the Fertility of American Farms,"*—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.

One Cent Saved

IS WORTH TWO EARNED.

MONEY-SAVING people, do not pay out hundreds of dollars for BROOMS, when you can make enough in one evening to last you a year, which will suit you better than the best you can buy at any place.

This you can do, I will warrant it, if you will buy O. W. KELLOGG'S PATENT, which will cost you but a trifle, and will last you your life time. Then no further expense for Brooms. It is not made of material which is liable to break; nor does it fasten with screws. It is in no way liable to catch or tear a person's clothes, or mar furniture.

It is neither too heavy, nor too light. It is less complicated, less labor to make, and costs *less than any other,* and it *sweeps more gracefully.*

All who have used it will recommend it as highly as myself. Samples can be seen at any of the Printing Offices in Gettysburg, or at the Keystone House; and at John A. Snowden's, in New Chester, who has purchased territory, and is prepared to sell family or township rights to the citizens of Straban, Tyrone and Huntington townships.

Jacob Harman has purchased Berwick township and Berwick borough; and Martin Sheeler Mountpleasant township.

Family, township or county rights can be secured by calling on the undersigned, at the Keystone House, Gettysburg, Pa., or if you wait, you can purchase for your families as the agent comes round.

When planting time comes, just plant a little Broom Corn Seed and be prepared to make your own Brooms, for the agent will teach you in a few minutes, so that you can make as good a broom as any one.

THE UNCONSCIOUS ORPHAN.

Mother, I have found a tear
In your eye! How came it there?
More are coming—now they chase
One another down your face.
How I feel your bosom heave!
What does make you sob and grieve?
Let me wipe your tears away,
Or I cannot go and play!

Why is father sleeping so?
Put me down and let me go—
Let me go where I can stand
Near enough to reach his hand.
Why, it feels as stiff and cold
As a piece of ice to hold!
Lift me up to kiss his cheek,
Then, perhaps, he'll wake and speak.

Mother, oh! it isn't he,
For he will not look at me!
Father hadn't cheeks so white—
See, the lips are fastened tight.
Father always spake and smiled,
Calling me his "darling child;"
He would give and ask a kiss
When I came—but who is this?

If 'tis father, has he done
Speaking to his darling one!
Will he never, never more
Know and love me as before?
Could he hear what we have said?
Tell me, what is being dead?
Oh! he doesn't breathe a breath!
Mother, what's the cause of death?

Agricultural & Domestic.

DOES THE SOIL NEED REST?

The following, from the *Rural New Yorker,* meets our view exactly. We contemplated writing a similar article, more especially in regard to old pasture lands, but this saves us the trouble. The attention of our agricultural readers is directed to it.—*Editor Compiler.*

Our fathers in Agriculture quite generally held the opinion that summer-fallowing greatly benefited the soil by the rest it gave. If the land lay utterly idle through all the season of growth, should it not recuperate its powers of production? They believed it would. And this opinion prevails to some extent at the present time among farmers.

But absolute rest obviously adds nothing to the soil; no food for plants descends from the air above or rises from the sub-soil below. No favorable chemical action is known to be induced by exposing a naked soil a long time to the elements; on the contrary it may be apprehended that the washing of the rain, the parching of the sun, the evaporation of the atmosphere, remove some of the volatile substances which are found in a fertile soil. Rest does not impart fertility to the sands of the desert, nor are arable soils in a state of nature where they are increasing in fertility, ever permitted to be destitute of vegetable covering.

The soil then does not need rest—but requires cultivation. By cultivation we mean here those physical changes which may be made. It wants deep and thorough working, so that the roots of plants can reach every particle of soil; it needs draining, to draw off stagnant water, which is poison to the roots of our cereals and cultivated grasses. Deep, thorough, and frequent pulverization of the soil, though it adds nothing to the amount of plant food, will, by making it all available to the crops, cause the land to be very productive. Then, except during the brief period of this thorough working, the soil should be producing, for it is by the sole agency of what grows upon it that the farmer can hope to increase the amount of plant food in his land.

But is not land constantly producing crops, whether of grain or grass, exhausting itself? Yes; if those crops are removed from the soil, and no remuneration made therefor; but if the whole produce of the ground is returned to it the amount of plant food is increased. The soil becomes richer for the reason that the substance of the plant was only partly derived from the soil, but largely from the atmosphere, and while the soil receives again what it gave, through the decomposition of the plant, it has in addition all that was drawn from other sources. This is the reason why the plowing under of clover, or other green crops, for manure, enriches the soil. The crops have drawn only part of their fertilizing components from the soil—they have gathered from the air likewise—and it is precisely this which increases the previous richness of the soil. And if all the manure which crops will make by passing through the animal system be returned to the soil, its fertility will doubtless be maintained; enough will be returned to replace the ash-constituents of the plant, which alone were derived from the earth.

We conclude, then, that the soil does not need rest to render it fertile. It needs cultivation and cropping, not reckless, wasteful, unmethodical farming, but that so planned and executed as to grow large and varied crops, and dispose of them in such manner as to return the extracted elements of fertility to the soil.

POTATOES—BUTT VS. SEED ENDS.

We published in this department, several weeks ago, an article on butt against seed ends in planting potatoes. It awakened some attention, and will lead to experiments among the potato growers of this county. Here is another on the same subject, from the *American Farmer,* which is equally conclusive. The test is easily made, and if N. C's. reasoning shall prove to be correct, a valuable point in potato culture will be established.—*Editor Compiler.*

Reader, have you ever tested the matter, to ascertain which will yield the larger crop, seed or butt ends, cut so as the weights will be about equal. If so, you doubtless ascertained that the butt ends had considerably the advantage, both in quantity and quality, and were also some two weeks earlier. Why is this so? I answer simply because the seed ends have more eyes and send forth a superabundance of shoots. Some years ago, I read in a Patent Office report where a parcel of potatoes that had been cut three or four days, and as a consequence considerably shrivelled, exceeded largely in amount a parcel that were planted fresh. My curiosity being excited upon this subject, I was led to try a number of experiments in order to ascertain the cause of this singular phenomenon. Without giving a detailed history of my operations, I ascertained that the cause was simply owing to the fact that the shrivelled portion sent forth fewer tubers. Upon this same principle we can readily account why butt exceed seed ends. After this, I improved my product largely, both in quantity and quality, by throwing out the tubers, leaving but a single stalk at a place. I have thus had seven single plants to fill a half bushel, eight would heap it, and the joint product of two plants weighed eleven pounds. The extra tubers can readily be transplanted and make a fine yield. They are more hardy for transplanting than the sweet potato, and yield equally as well.

Potatoes, as a general thing, are crowded too much for a large yield. A single tuber for every two feet square I think is sufficiently close, where the ground is rich, and I am not certain but a greater distance would not result advantageously. The most, however, that can be done now is to thin out your present crops.

OLD APPLE ORCHARDS.

A writer in the *New England Farmer* gives the following account of his experience in renovating old orchards: "I have had two farms with old orchards where the trees were on the decline.—One of them I plowed and trimmed off the old and decayed branches, and left the young sprouts to grow, and in the course of six years I had some quite thrifty trees. On the last farm I have adopted another course—that is, I have put in hogs through the spring, summer and fall, and I find a saving in expense in keeping, and the advantage to my trees far greater than anything I could do with the plow. They not only dig round the roots of the trees, but eat the apples that drop, and destroy the worms."

GRINDING TOOLS.

More than half of all the wear and tear, breakage and bother of dull tools, comes from a lack of proper knowledge and practice in grinding. All steel, however highly refined, is composed of individual fibres laid lengthwise in the bar, held firmly together by cohesion, and in almost all farm implements of the cutting kind, the steel portion which forms the edge, is from a section of a bar, laid in and welded to the iron longitudinally; so that it is the side of the *bundle of fibers, hammered and ground* down, that forms the edge. Hence by holding on a grindstone all edge tools, as axes, drawing-knives, knives of reapers, scythes, knives of straw-cutters, &c., in such a manner that the action of the stone is at right angles with the plane of the edge—or in plainer words, by holding the edge of the tool square across the stone, the direction of the fibres will be gradually changed, so as to present the ends in-lead of side as a cutting edge. By grinding in this manner, a finer, smoother edge is set, the tool is ground in less time, holds an edge a great deal longer, and is far less liable to "nick out" and break. Farmers will do well to bear these hints in mind, and act accordingly always in grinding scythes, cutlery, and knives of reapers and fodder cutters.

FORGIVENESS.

My heart was heavy, for its trust had been abused, its kindness answered with a foul wrong. So turning gloomily from my fellow men, one Sunday, I strolled among the mounds of the village burial place. There I pondered, where all human love and hate find one sad level.—I thought how, sooner or later, wronged and wrong doer, each with meek face and cold hands folded over a still heart, should pass the green thereshold of our common grave—wither our footsteps tend whence none depart. Awed for myself, and pitying my race, our common sorrow, like a mighty wave, swept all my pride away; and trembling, I forgave.

MIXING BABIES.

An Alliance correspondent of the Canton (O.) *Repository* relates the following: Some days ago there was a dancing party given for the benefit of the Fenians, on the outskirts of town, and several of the ladies present had little babies, whose noisy perversity required too much attention to allow their ma's to enjoy the "hop." A number of gallant young men volunteered to guard the infantry while the ladies engaged in the "break down." No sooner had the mothers left their cherubs in the hands of the mischievous wretches, than they stripped the darlings, changed their clothes, giving the apparel of one to another. The dance over, the mothers each took, as she thought, her own baby, and hurriedly left the scene of gaiety and started to their homes several miles apart, being far on the way before the "peep-o'-day." On the following day there was a tremendous row in the settlement. Mothers discovered that a single night had change I the sex of their babies, and then commence some of the tallest female pedestrianism. Living miles apart, it required two days to unmix the cherubs, and will require as many weeks to restore the mothers to their natural sweet dispositions.

Punctuality—A punctual man is rarely a poor man, and never a man of doubtful credit. His small accounts are frequently settled, and he never meets with difficulty in raising money to pay large demands. Small debts neglected ruin credit, and when a man has lost that, he will find himself at the bottom of a hill he cannot ascend.

Fool.—The King of Persia once ordered his vizier to make out a list of all the fools in his dominions. He did so, and put his Majesty's name at the head of them. The King asked him why, to which he immediately answered: "Because you entrusted a lac of rupees to men you don't know to buy horses for you a thousand miles off, and who'll never come back." "Aye, but suppose they come back?" "Then I shall erase your name and insert theirs."

☞ Judge ——, who is a very able Judge of the Supreme Court of one of the great States of this Union, when he first came to the bar was a very blundering speaker. On one occasion, when he was pleading a case of replevin, involving the right of property to a lot of hogs, he addressed the jury as follows:

"Gentlemen of the jury, there were just twenty-four hogs, gentlemen—exactly twice as many as there are in that jury box!"

The effect can be imagined.

☞ Education does not alone consist in the knowledge of science and books. There is an education of the heart, which is as essential to our well being as the most erudite scholarship. Educate the sentiments of the young properly, and it will be like "bread cast upon the waters."

☞ The birds are singing—the buds are swelling—the grass is getting green—the mud is drying up—vegetables are being planted—and every thing out-of-doors is beginning to look lovely; all of which has been occasioned by the approach of merry, merry Spring!

☞ "Here's Webster on a bridge," said Mrs. Partington, as she handed Ike a dictionary. "Study it contentively, and you will gain a great deal of inflamation."

☞ In Wisconsin, a Mr. Joseph P. Cotton was married to a Miss Cole, and the question now is, "shall Cotton or Cole be King."

NEGROES MUST BE SENT TO CONGRESS.

The New York *Herald,* a paper which is bitterly opposed to the Democratic party, reads its Radical friends a lecture after a method which combines truth and sound logic. It says:

Black though it may be, we have to look this thing in the face. You cannot give "the Southern colored gentleman" the ballot and still expect to keep him out of office. Where he has the majority in the matter of color he must be bought off or the white man must stand back when the time comes. From the political necessities of this party or that party therefore, it will be no matter for surprise if we have in the next Congress from the South five, ten, fifteen or twenty members of the House, and a scattering shot or two in the shape of a "dark complected" Senator. Colored gentlemen for foreign missions, the Cabinet and the White House will then be in order. When James Buchanan was our Minister at London, on one occasion at a court reception he was asked what he thought of the ambassador from Hayti, a strapping African, gorgeous in gold lace, at his elbow. "I think," said "Old Buck," quizzing the glittering negro, "I think that that fellow would fetch fifteen hundred dollars in New Orleans." Upon that platform he was in 1856 elected President by the Southern white balance of power. But now, slavery out of the way, the contest is for the Southern black balance of power, and unless the radicals in the North prove their profession by their acts they will lose it; notwithstanding the Southern machinery is in the hands of Secretary Stanton.—Frederick Douglass, the Rev. Mr. Smith or Box Brown, as representative blacks of the North, must be advanced to equal suffrage and a division of the spoils, or Sambo and Pompey in the South will follow the Southern banner of Wade Hampton, Governor Brown, Longstreet and Lee. The logical programme from negro suffrage in the South must be carried out by the republicans in the North, or the party will be broken to pieces. Thus there is a fair prospect that the radical Wade Hampton, of South Carolina, on his Southern platform, will yet be more than a match for the radicals of Massachusetts.

LETTER FROM GERRIT SMITH.

Mr. Gerrit Smith has recently addressed a letter to Lloyd Garrison on the affairs of the country, in which, after advocating the general principles of "universal suffrage and no punishment," he says of the case of Mr. Davis:

Would I have Jefferson Davis set at liberty? Certainly—unless he is detained for offences unauthorized by the law of war. As the war rose from a mere rebellion into the dimensions and dignity of a civil war—or rather national war—so, according to the highest authorities, we have no right to

GETTYSBURG, PA.

Monday Morning, April 15, 1867.

THE LEGISLATURE ADJOURNED.

The Legislature of Pennsylvania adjourned *sine die* on Thursday last—for which God be praised!

It seems to be generally conceded that a more corrupt body never before assembled at Harrisburg. Whilst an honest few returned to their constituents unenriched by any base barter of their integrity, many left the State Capital with pockets well lined with "greenbacks," the price of bribery and the fruit of their shame. The former are entitled to respect—the latter to scorn.

—In the reported proceedings of the Senate on Thursday, we notice that the House Free Railroad bill was defeated.

The bill to allow 7 per cent. interest was defeated.

The Border Damage bill was defeated. —Of what account is McConaughy?

The law allowing a pension of $40 to old soldiers of the war of 1812, was repealed.

Speaker Hall retiring, Senator Graham, of Pittsburg, was elected Speaker. Graham 21, Wallace 11 votes.

The House concurred in the Appropriation bill.

Gold watches, silver sets, canes, &c., &c., were presented to the Speakers and Clerks, when both Houses finally adjourned. Happy riddance!

WAR THREATENED IN EUROPE.

The news from Europe is of a very warlike character. The state of feeling in France and Prussia leads to the apprehension that peace cannot be much longer maintained between them, and quite a panic has been caused throughout Europe in consequence.

Count Bismark, of Prussia, is using all his efforts to concentrate Central Europe, with a view to hurling it against France —whilst the latter is negotiating with Holland for the purchase of Luxembourg, a fortified town on the frontier nearest Prussia and well located for French operations against that country. In addition, Napoleon is endeavoring to use the Eastern question in such a manner as to separate England and Russia, and make those powers strictly neutral in the event of a rupture between France and Prussia. The rapid progress of Prussia under Bismark's management has aroused the jealousy of France, and it is apprehended that Napoleon will resort to a war policy to maintain his position among the powers of Europe. The "opening gun" may be heard at any moment.

With a gigantic war raging across the water, duty and interest should prompt this country to an immediate settlement of all national difficulties—to the encouragement of kindly feelings, with restored industry and progress, everywhere —so that we may escape with trifling damage from a calamity which must necessarily involve all Europe.

THE BEGINNING OF THE END.

The glorious result of the Connecticut election has sent a thrill of joy into every patriotic heart in the country. For six long years the people have groaned under the burdens imposed upon them through the abuses and usurpations of the Republican party. The Radical leaders have kept steadily advancing, step by step, in their work of destruction and revolution, until the constitutional government established by our ancestors exists only in name, whilst its vital principles have been overthrown. So insidious and artful has this work been carried on, that the people were systematically deceived by false promises and pledges.—They seemed bound by a charm from which it appeared impossible to arouse them. The good and patriotic of the land had begun to despair of the Republic, and were preparing their minds to receive in silent sadness the imperialism which succeeded the ancient Roman Republic, or the anarchy of the so-called Republic of Mexico. But the delusion which has held the people spell-bound hitherto, is at last broken. Light breaks from the East. The result of the election in Connecticut shows that the people are at last beginning to awake to the true condition of the country. It is indicative of that reaction in the public sentiment of the country which is destined, ere long, to sweep the Radical party from power. It is the "beginning of the end" of that political revolution which we confidently believe will yet bring back the administration of the government to the ancient landmarks of the Constitution.

A PANIC IN THE RADICAL PARTY.

The more sensible of the Radical editors are becoming alarmed. The Philadelphia *North American* says that the Radical majority in Congress "has been pushing along the car of national progress a little too fast for some of the party." The Providence (Rhode Island) *Journal* states the case more nearly when it declares that the party "cannot endure everything which ambitious and extreme men may undertake to accomplish in its name;" that the schemes now fostered by the Radical leaders "are mischievous enough to ruin any party;" that if impeachment is successful "it is easy enough to see that the Republican party is ruined;" that forcing negro suffrage upon the States is "beyond the power of Congress and will be exceedingly injurious to the continuance of the party's power." The Springfield (Massachusetts) *Republican* talks in the same strain. These journals see that their leaders will ruin the party. They see the defeat of Radicalism in one of its strongholds, Connecticut. The handwriting on the wall produces a panic in the party. The cry of the leading Radical journals of New England now is, that the party has "gone too far." It is quite possible that this going "too far" may be followed by a repentance that comes too late, and that the people may take the view of a Western judge, who tersely says, "Repentance at the eleventh hour may do; but a man that comes in at half-past twelve."

☞The York *Democratic Press* comes to us considerably enlarged. The *Press* is a faithful sentinel on the Democratic watch-tower, and its many friends will be glad to know that it has sufficient patronage to justify its enlargement.

IS THE TIDE TURNING?

The N. Y. *World* says:—A month since, when the town elections were holding in this State, we ventured to suggest that the tide was turning, and that there were signs that the race of Radicalism was nearly run. The idea was derided by the Radical journals. When the returns of the New Hampshire election were received, showing a reduction of the Radical majority of 4,656 in 1866, to 2,936 in 1867, and an increase in the Democratic vote of 2,352 to 618 in the Republican vote, these journals affected to smile at the figures, and the Albany *Evening Journal* went so far as to say that the Republicans could afford to lose a few hundred votes in New Hampshire so long as they did not lose the election. But the tide moved on, and on the 1st of April the Democrats of Connecticut elected their candidates for State officers and three out of the four Congressmen and materially reduced the Republican majority in both branches of the Legislature. Forthwith the Republican papers which, previous to this election, had urged the importance of a Republican victory, suddenly declared that the defeat of their party was not much of a shower after all, and began to prate of the political issues to be made in the future. Since the receipt of the good news from Connecticut, intelligence has been received of a general election in Michigan and of several charter elections in the West, which, to say the least, is not calculated to afford any great quantity of comfort to the Radicals. The Detroit *Free Press* says:

It is evident that a reaction has set in in Michigan that will ere long enable us once again, as in the case of the gallant State of Connecticut, to chronicle a complete victory. Everywhere the prospect brightens. Large gains have been made throughout the State, and the official returns will show a very large reduction of the heavy Republican majority of last fall.

Local elections were held in Ohio on Tuesday, the results of which appear to be favorable to the Democracy. The Radical papers lay great stress on the election in Cincinnati of the Republican candidate for Mayor by a majority 4,400, which is a Radical gain of about 1,000; but the total vote polled was only fourth-fifths of that cast at the last election.—They, however, are particular not to call attention to the fact that the Democrats elected fifteen Councilmen, while the Republicans elected but fourteen, which plainly shows that the large majority obtained by the candidate for Mayor was due to some other cause than merely his party connection. In Columbus, Ohio, the Democrats re-elected their candidate for Mayor by a majority of 5,057, and also twelve of the eighteen Councilmen chosen. Other places from which returns have come to hand are Circleville, Toledo, and Dayton, in each of which the Republicans retained their supremacy, though in Dayton the Democrats gained two Councilmen. But what is of still greater significance is the fact that in Cleveland the Democratic candidate for Mayor was elected by 500 majority, and the Democrats gained two members of the City Council. This is the first time in six years that Cleveland has had a Democratic Mayor, and the increase in the Democratic vote as compared with that of last year reaches the handsome figure of 1,300.

Besides the elections mentioned above, we have returns of a number of local elections held this week, nearly every one of which speaks well for the Democracy. Rome, in this State, which gave 391 majority for Hoffman last November, has just elected a Democratic President by 500 majority, and six out of nine town trustees. In Madison, Wisconsin, the Democrats elected their candidaate for Mayor by 260 majority, and nine out of the twelve Aldermen chosen. Milwaukee also was carried by the Democrats by a majority of 1,500, concerning which a despatch to the Chicago *Times* says:

The vote polled was a heavy one, and everywhere large Democratic gains are noticed. The Democrats are rejoicing, and the Radicals are despondent.

The Republicans carried Indianapolis by 424 majority, which is a Democratic gain over the election last spring of 783, and, the despatch adds: "The returns are meagre, but indicate Democratic gains in all the localities heard from." St. Paul, according to a brief despatch, was carried by the Democrats by a majority of about 1,000, but we have not the figures at hand to show to which party a gain is to be attributed. But the unkindest cut of all to the Radical party is the result of the election in the home and final resting-place of that great and good man who, according to the *Tribune*, could never feel grateful enough to General Rosecrans for "throwing all the weight of his name and fame against the copperheads;" in this same Springfield, Illinois, on Tuesday last, the Democrats elected their entire ticket by a handsome majority, and this in the face of the fact that the city was carried by the Radicals last fall by a majority of 130.

We see not how any unprejudied person can peruse these returns and not see in them the turning of the tide against Radicalism. Not that the Democrats have swept everything before them, nor that we have given returns from every place in which elections have been held during this week, but that many cities and towns which previously gave large Radical majorities have either reduced those majorities or wiped them out altogether. The movement in New Hampshire was but a ripple, perhaps, but it proves to have presaged the tide which subsequently swept over Connecticut, and is slowly but surely moving across the country.

☞Railroad agents still exercise the right they always had of assigning their white passengers to such cars as they deem proper. They, as heretofore, refuse to permit a white man to enter the ladies' car unless he is accompanied by a lady. The new law only applies to negroes. They can select any car and any seat they please, without fear of molestation. They are the only privileged class. We make this statement for the information of the public.

Now and Then.—When Christ was on earth, He taught the people to believe the Truth because it was the truth, and to do right because it was right. Now we are taught to believe in Radicalism because the Radicals control the government, and to love every yelping spoon-thief, public-plunderer and constitution-hater, because Radical fanaticism screens them. What evil has not Radicalism brought upon the country!

MORE VICTORIES!

Day Breaking Everywhere!

—The Democrats and Conservatives of Hagerstown, Md., on Monday, covered themselves with glory. At the municipal election, for the first time since the incorporation of the town, they elected their *entire* ticket, for Town Council, by an average majority of forty-seven, over the Loyal Leaguers and Radical Disunionists.

—At the charter election, on the 8th instant, the Democracy of Albany, New York, elected their whole city ticket by from 1,600 to 1,700 majority—a gain since last fall of from 1,100 to 1,200. Hoffman's majority last fall was 533. The groundswell appears to be coming—even negro suffrage won't save the Radical party.

—The Democracy of Lockport, New York, on the 8th, elected James Jackson as mayor and their whole city ticket, by a majority of 270—a gain of 377 since last fall when Fenton, Radical, had 107 majority. Good!

—Trenton, New Jersey, also went gloriously Democratic on Monday. The Democratic candidate for Mayor was elected, as was the whole Democratic ticket.

—The Democracy of New Brunswick, New Jersey, elected their mayor on the 8th instant by 160 majority, (a gain of 201 since last fall,) and four aldermen out of six—giving them a majority in the city council. They also elected three freeholders, which gives them a majority of the Board for Middlesex county.

—The Democrats carried Hartford, Conn., on Monday, by a majority of 600 —a gain of 130 since Monday week.—That's piling it up!

True.—The *Union Sentinel*, of Trenton, mourning over the Radical defeat in Connecticut, says:

"The causes of this defeat are palpable upon the surface, and we shall allude to them next week. In the meantime New Jersey is rapidly going to the devil on the same track, and unless the Republican leaders open their stupid eyes to the danger in time, the party will be past insurance."

True, every word of it. No insurance company in the country would issue a policy on this expiring organization.

☞In New Jersey the legislators are not yet prepared to force negro suffrage upon the people. In the House of Representatives of that State, on Wednesday, on the question to strike from the Constitution the word "white," to allow colored people to vote, the vote stood twenty in favor to thirty-five against striking it out. Thirteen Republicans voted against it. The Connecticut election is bearing fruits in all portions of the Union.

Importance of a Vote.—The New Haven *Register* says that Mr. Logan, the Democratic candidate in the Sixteenth Senatorial District of Connecticut, is defeated by *four* votes; and this gives the Senate to the Republicans by one majority.

☞A negro named Williams, who served in the Federal army from Pennsylvania, addressed a public meeting at Nashville, Tennessee, on the first inst. He took the ground that the owners of the soil and the laborers were identified in interest, and should co-operate for the good of each other and the country. He believed the Southern man to be the negro's best friend! What do the Rads think of this?

☞A Convention to alter the Constitution in Maryland has carried by probably 10,000 majority. Baltimore city gives 2,079 majority for a Convention, and 1,762 in favor of running the cars on Sunday.

☞The Germantown *Telegraph*, a Radical newspaper, thus speaks of the Pennsylvania Legislature: "Their labors are a burlesque on legislation and a common disgrace, and to demand $1500 apiece for doing it caps the climax."—Plain talk, but true.

☞Mexican intelligence, from a source more than ordinarily reliable, has been received at Washington, to the effect that the Liberal forces have Maximilian so closely pressed that they are confident of capturing him, and when captured they seriously threaten to hang him at once. Representations to this effect having been made to this government, Secretary Seward has written a letter declaring that while this government has never for a moment countenanced the attempt at an empire in Mexico, it hopes that if Maximilian be captured he will simply be treated as a prisoner of war. The letter is not in the form of a protest, but it inclines diplomatically in that direction.

☞Now that Mrs. Surratt has been declared by the highest Radical authority innocent of the crime for which she was hanged, what reparation will her murderers make her broken-hearted orphan daughter? They should at least give up the body of their victim to her friends for interment.

☞Jo. Wood (one of Fletcher's notorious militia,) of Pettis county, went into the saloon of an inoffensive citizen of Sedalia, a few days ago, and commenced knocking down persons. The proprietor asked him to desist or leave the saloon. Wood then left, but shortly after returned and shot the saloon keeper in the back, killing him almost instantly. He then walked the street and defied arrest; the people assembled, took him, put a rope around his neck and hung him until he was dead.

Not Guilty.—The case of the State vs. Shriver on the charge of stealing a horse whilst in the Confederate service, removed from Carroll County, was tried last week in this city and a verdict of "*Not Guilty*" was rendered.—*Frederick Union.*

☞The treaty by which Russian-America is to be ceded to the United States has been ratified by the Senate, there having been only two votes against it. The price to be paid is $7,200,000.

☞The town of De Soto, opposite Vicksburg, on the Mississippi river, was suddenly inundated, a few days since, and from 80 to 100 negroes were drowned. The population was exclusively negro.

WILLIAMSPORT, April 11.—The extensive mill recently erected in this vicinity by the Pennsylvania Marble Company for sawing black marble, was destroyed by fire to-day. The loss is heavy.

DEATH OF THE EDITOR OF THE STAR.—Death has invaded the Editorial circle of Gettysburg. John T. McIlhenny, Esq., of the *Star*, died last evening, after several weeks' illness, of disease of the heart. With the dead bury all their faults, that their virtues only may live after them.

☞Philip A. Myers has been appointed Postmaster at New Chester, in place of John A. Snowden, resigned. The office has been removed to the store of Myers & Bough.

☞Samuel Herbst has sold a house and lot on Carlisle street, to Lewis Strouse, for $1,500.

Peter Beitler has purchased a one-story brick house, with lot, on York street, from Nicholas Codori, at $1,400.

Nicholas Codori has purchased the property of George H. Swope, on York street, at $3,800.

George Stallsmith has purchased two lots of ground, on the corner of York and Liberty streets, from Henry Culp, of P., at $600. It is Mr. Stallsmith's intention to build immediately, we are told.

Samuel Herbst has purchased 21 acres of land, on the Long Lane, from Rev. J. K. Miller and David Ziegler, Jr., at $1,800—8 acres of it at $125 per acre.

This will be Holy Week, in which will be commemorated the Passion of the Savior. It is observed by the Catholic church, as well as by some Protestant denominations.

INTERNAL REVENUE.—Charles W. Ashcom, of Bedford, has been confirmed as Internal Revenue Collector for this district. We do not know him personally, but he is said to be a good man, notwithstanding he is on the wrong side in politics.

With Mr. McSherry as Assessor and Mr. Ashcom as Collector, the revenue machinery of the district is again in regular running order.

Mr. McSherry resides at Littlestown, this county, to which place all communications intended for him should be addressed. His appointment, by the way, is spoken of in terms of warm approbation throughout the entire district—as it deserves to be.

CLEAN UP.—We would advise our citizens generally to clean up their premises without delay. All the filth accumulated during the winter should be removed.—The cellars should be carefully cleaned, aired and ventilated—not forgetting a coat of whitewash. Every precaution should be taken to render the sanitary condition of the town good. That terrible scourge, cholera, is still lurking in the country, and no effort should be spared to prevent its lodgment among us. We say again—*clean up!*

LARGE CROPS LOOKED FOR.—Those who pretend to be weatherwise predict that we will be blessed with heavy crops the ensuing season. It has been noticed that whenever a heavy fall of snow occurred about the time of full moon in February, large crops and an abundance of everything were sure to follow. We trust that in the present instance there will be no deviation from the custom.—Rich and poor will be gratified to see large supplies the coming summer.

NEW STORE.—Ex-Sheriff Adam Rebert and Robert Elliott have opened a new Dry Goods Store, opposite the Courthouse, in this place, and have their shelves filled with a very choice stock of goods, of the latest and most approved styles.—It is their intention to sell at the smallest possible figures, believing that "quick sales and small profits" are best for sellers as well as buyers. They ask the public to call and examine goods and prices, and will spare no effort to give full satisfaction, let the rush be as big as it may.

SAVE MONEY WHEN YOU CAN!—All who attend Court this week and want to save money, should not fail to call at the Store of Row & Woods, who are opening out their second supply of Spring Goods, embracing a splendid assortment of the latest styles of dress goods and domestics. Their corner continues to be the best place in Gettysburg for Hats and Shoes. If, therefore, you want a nice dress, a fashionable hat or stylish shoe, as "cheap as the cheapest," by all means go to Row & Woods. It

☞In the Senate, the other day, McConaughy tried to get an appropriation of $5,000 for his "Battle-field Memorial Association," but failed.

☞The fishing season has been fairly inaugurated on the Potomac, and shad and herring are said to be plenty. At Alexandria on Monday shad were selling at $10 to $12 per hundred, and herring at $10 to $14 per thousand.

☞On Thursday night the York Post-office was entered by burglars, who rolled the safe out into the yard; and there blew it open, getting $1,000 in postage stamps and $150 in money. No clue.

THE SHORT DRESSES.—Those ladies who have supposed that short dresses were coming into general use for home as well as street wear, will find that they have been much mistaken. In fact, they will not be worn much longer in the street, if we may believe the *Home Journal*, which says: "We have seen quite a number of short dresses worn at balls and parties, this season, and, to some, they are very becoming, especially when there is a pretty foot and ankle in the case, but, as a general thing, we do not admire them. For the street, as walking dresses, they are very appropriate, yet we have it from the highest authority that they are going out of fashion; that, in fact, their day is past. The latest styles of street dresses are made short, it is true, but they just clear the ground. Ladies who have had handsome silks cut to suit the present fashion will be sorry to hear this, no doubt."

FAIR FOR FRUIT.—Our exchanges unite in declaring that extensive examinations in Western Pennsylvania show that the fruit has not been injured by the hard freezing of the winter. The same report is made from New Jersey. There is now every reason to hope that fruit will be abundant this year.

REVENUE LAW.—The Revenue Law, as amended, allows the tax-payer $1000 instead of $600, as heretofore. The tax on leather is reduced to two and a half per cent. Tax on clothing is repealed; also the tax on castings for machinery.—Cast-iron, hollow-ware, pottery, and many other articles are also on the free list. Other material changes have been made. The new law went into effect on first of the present month.

☞Cough Medicines should be so compounded that they can be taken "little and often." It is the throat and chest, not the stomach, that is affected. This is one great secret of the success of Coe's Couch Balsam. Try it. All dealers sell it.

The Negro Experiment Worked Out in Jamaica.

Th British Parliament gave qualified negro suffrage to the negroes of Jamaica as long ago as 1831—and then removed the qualification by decreasing the tax to a very small amount, so that any working negro could vote.

The experiment has worked so badly as to elicit the following remark from the *Tribune*:

"It is a somewhat remarkable coincidence that just at the time when the right of suffrage has been conferred upon the freedmen of the south, negroes of the most important of the British West India possessions should have been summarily deprived of that right."

The government of Jamaica has been handed over by the British government to a council appointed by the crown, and the Legislature of Jamaica is abolished (negro and all,) and this, too, on the petition of the people of Jamaica, to be rid of the horrible position in which free negro suffrage has placed them all.—*N. Y. Express.*

☞If Geary should unfortunately occupy the executive mansion as long as Gov. Curtin, the building will assume the proportions and cost of a palace. Although the mansion is large enough and magnificent enough for any philosopher, patriot or sage, of ordinary stature, it seems to be entirely too small and mean for the enlarged proportions of one who, in former years, was well content to be domiciled in a two-storied frame dwelling. To meet the demands of His Magnificence the Legislature has ordered an enlargement of the mansion and the addition of various oriental splendors and luxuries. It is to be hoped the upholsterers will not be sparing of mirrors.—*Patriot & Union.*

☞Two young girls, aged fifteen and sixteen, attempted to commit suicide near Weehawken, New Jersey, on Wednesday morning, because the father of one of them insisted on their being separated.

☞An exchange tells a rather dubious story about "a lady in Ohio, who, traveling in a railroad car, with one of her feet out of the window, had her leg torn off in crossing a bridge." It is a shame that a lady can't assume such a graceful attitude while traveling on the Ohio railroads without having her legs crushed in that way. Congress ought to send out a special committee and investigate the matter, for the first thing they know some colored lady will be laned for life.

ENLARGEMENT.—We have about concluded to ENLARGE the COMPILER—(but not its price.) There is only one obstacle in the way—the heavy cost of a new Power Press. This *must* be had, or the enlargement cannot be effected. But there is a mode of reaching it, and that not a difficult one.

We have outstanding a considerable amount of money. With that in our pocket, the new Press could be bought—(it can be had only for *the cash*)—and the COMPILER would soon appear as one of the largest country papers in the State.

Come up, then, friends in arrears, to the work! Do so promptly—NOW—without a moment's unnecessary delay.—Send in all you owe, with a little in advance, and as many new subscribers, with $2 for each, as possible. Just place the requisite amount in our hands, and beside having credit on our books, it shall all be spent for your benefit—in getting up a first class paper, in size as well as quality. Give us "A LIFT," fellow Democrats, and we shall certainly succeed. But it must be done *at once*, and by *all* in arrears.

Ayer's Sarsaparilla

Is a highly concentrated extract of the citrine root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish them, once and most prove, as this has, of immense service to this large class of our afflicted fellow beings. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this Sarsaparilla, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn from Disordered Stomach, Pains or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by A. D. BUEHLER, Gettysburg, Pa.

A Card to the Ladies.

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the above-celebrated Pills were first discovered by Dr. DUPONCO, of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalleled success, in every case, and it is only at the "urgent request" of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any irregularities whatever, as well as to prevent an increase of family where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition lest they "invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their mildness will prevent any injurious effects to health, otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to the sex.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, which is to say, nothing like the above Pills have been known since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring Nature to its Proper Channel, Quieting the Nerves and bringing back the "Rosy color of Health" to the cheek of the most delicate.

Price $1 per Box. Six Boxes $5.

Sold by JOHN S. FORNEY, Druggist, Sole Agent for Gettysburg, Pa.

Ladies, by sending him $1 through the Post Office, can have the Pills sent, confidentially, by Mail, to any part of the country, free of postage.

Sold also by J. Spangler, Chambersburg; G. W. Neff, York; Coleman & Rogers and Brown Brothers, Wholesale Agents, Baltimore, and S. D. Howe, Proprietor, New York.

Allcock's Porous Plasters.

Hartford, Conn., Nov. 12, 1861.

Messrs. THOS. ALLCOCK & Co.—Please send, with dispatch, twelve doz. Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them rendered them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruple in stating that my customers should be known.

Dr. SCHENCK'S MANDRAKE PILLS.

A SUBSTITUTE FOR CALOMEL.

These Pills are composed of various roots, having the power to act upon the liver as promptly and efficiently as does a pill or medicine, and without producing any of those disagreeable or dangerous effects which often follow the use of that drug.

In all bilious diseases these Pills may be used with confidence, as they promote a free flow of vitiated bile, and remove those contagious foul humors from the liver and biliary ducts, which are the causes of the derangements in general.

SCHENCK'S MANDRAKE PILLS are Sick Headache, and all disorders of the liver, and create by an unusual call to it, costiveness, dyspepsia, and a general feeling of weariness and lassitude, showing that the liver is in a torpid or of stricted condition.

In short, these Pills may be used with advantage in all cases when a purgative or alterative medicine is required.

Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two signatures of the Doctor are on the Government stamp—one when in the last stage of Consumption, and the other in the present health.

The Conquerer.

Never allow any household to be without it, if the first aim of humanity be happiness—and happiness implies health of body and mind. For Asiatic Cholera it has no equal in the annals of history, as a preventive. For Diarrhœa or Dysentery no remedy so sure, quick, and potently reliable as Radway's Ready Relief. Dyspepsia in its most stubborn state, and Rheumatism in its different phases, yield readily to the efficacy of the Relief. People call it "The Conquerer of Pain." Thorough cures are effected in Coughs, Colds, Bronchitis, Nervousness, Weakness, Depression of Spirits, Nightmare, and all nervous and kindred diseases. For Burns, Cuts, Bruises, Soreness, Lameness, and Sprains, the remedy is effectual. No one need fear of contracting the Cholera Morbus, if they use the Relief as a preventive. It suddenly breaks Chills and Fever, drives away Dumb Ague, and is most effectual in severe cases of Diphtheria. Its superior efficacy over all, has won for it a name famous in millions of families. The moment it is applied externally—or taken internally, according to directions—pain, from whatever cause, ceases to exist.

Sold by Druggists. Price 50 cents.

A Young Lady

returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told it was the use of HAGAN'S MAGNOLIA BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is manufactured in its composition, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. OHIO AND BUCKEYE PATENTS.

At the great trial of Reapers and Mowers at Auburn, N. Y., in July last, by the New York State Agricultural Society, this Machine was awarded the preference over all others in Class No. 5. This class was the most important of any, as it embraced Mowing and Hand and Self-raking Reaper in the same Machine.

This Machine has been awarded Medals and first Premiums by the Pennsylvania and Iowa State Fairs, and by hundreds of County Fairs in all parts of the country. This Machine took the first Premium at the Adams County Agricultural Fair held at Bendersville, September, 1866. Also,

BALL'S OHIO & RUSSELL'S SCREW POWER.

Both first-class Machines, having sold a number of these Machines in the last three years. They have given general satisfaction wherever used. We ask farmers to call and examine these machines before purchasing elsewhere, as they will be able to make a better selection. We could produce quite a number of certificates from some of the best farmers in the county, but deem it unnecessary, as we warrant these machines to give satisfaction with a fair trial, or no sale. Insured for one season.

Extras always kept on hand. We have made arrangements to have repairing done when needed at any time and on moderate terms.

With the above we have for sale a number of valuable Farming Implements.

Brinkerhoff's

CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y State Agricultural Society; B P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edwards Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the following, from the New York *Observer,* is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put into the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

Jules Jared's

"EMAIL DE PARIS."

THE NEW

Beautifier of the Skin.

TESTIMONIALS FROM CELEBRATED LADIES.

This secret of beautifying the skin being known only to Messrs Jared & Rene, they honorably state that it differs from all other preparations. It gives to the most harsh and freckled skin both the texture and color of polished Ivory, removing all discolorations, whether appearing as freckles, tan, morphew, moth or blackworm specks, and is especially successful in smoothing out the marks left by the smallpox.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as Signora RISTORI,

M'dlle FELICITA VESTVALI,
Miss MAGGIE MITCHELL,
Mrs. D. P. BOWERS,
LUCILLE WESTERN,
Madame PONISI,
Mrs. EMMA WALLER,
LUCY RUSHTON,
NOEMIE DE MARGUERITTES,
Miss A. PERRY,

and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.

The beautiful Lucille Western says:

"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."

The magnificent Vestvali says:

"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."

Miss Maggie Mitchell says:

"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."

"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Room, by the most refined and scrupulous ladies, producing all the beautifying effects of rouge and lily-white, without their vulgar glare or injury to the skin.

Sold by all first-class Druggists, Perfumers and Ladies' Hair Dressers.

A (Bitter) Acrostic.

RESPECTFULLY Dedicated to the Proprietor of the Great Zingari, by a late Dyspeptic.

Far away from the pyramids of Egypt he came,
Restoring the sick, and healing the lame;
A cure for the cholera, that dreadful disease;
Heaven sent him on earth the dyspeptic to ease,
There are those who were troubled with fever and chills,
E'en they took but one bottle and were cured of their ills,
Resolved that in future, if ever they shake,
Such pleasant, nice Bitters—no other they take.
Get a bottle if from nervous debility;
Rahter says it will cure; just try its ability.
Essence or life, then, favoring and to aid;
A certain preventive from coughs and colds.
Try it all, who are troubled with a weak appetite.
Zest is given by these Bitters, it only used right;
In scrofula, colic, or ail diarrhœa,
None who've tried it of either have any more fear.
Great tidings is this, then, for rich and for poor;
A bottle can be had for a dollar and more—
Rahter gives it to those unable to pay),
In no case of sickness will he turn them away.

F. RAHTER'S GREAT ZINGARI.

WHAT THE ZINGARI BITTERS HAVE DONE.—We publish the following for the benefit of the afflicted everywhere:

"I suffered for a long time of Dyspepsia, Heart Disease, and frequent attacks of Liver Complaint. Often the sufferings were so great that life was almost intolerable. I tried several eminent physicians, and most of the popular remedies recommended for such complaints, but found little relief until a few weeks ago I commenced the use of F. Rahter's Great Zingari Bitters, and am now perfectly cured."

FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low-spirited horses, by strengthening and cleansing the stomach and intestines

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite, gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

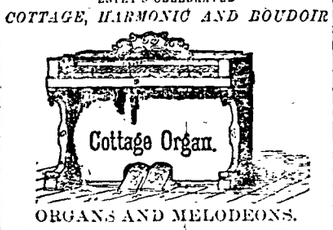
ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR



ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for languages. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a lifetime of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

THE PERUVIAN SYRUP

IS A PROTECTED SOLUTION OF THE

Protoxide of Iron,

a new discovery in medicine which

STRIKES AT THE ROOT OF DISEASE,

by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Caills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, or accompanied by DEBILITY, OR A LOW STATE OF THE SYSTEM.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.

DURHAM, Canada East, March 24, 1865.

* * * "I am an inveterate Dyspeptic of more than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE of Boston, says:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

See that each bottle has PERUVIAN SYRUP blown in the glass.
